Staff Highlights

Each week I will be highlighting a few staff members: please pray for them as you read...

Dustin Wiemeyer- Has worked here for six years. Just graduated with a degree in Youth Ministry and Outdoor Leadership. He is getting married to Mikahla Edeal on August 21. He wants prayer for vision regarding ministry and the future, for good health and endurance, for the ability to balance responsibilities, and for clarity on priorities.

Erik Allen- Has worked here for five years. He has a wife, Katie, and two little boys, Canyon and Cru. He wants prayer for the ability and grace to serve whole-heartedly, pouring his time and energy into campers and staff, without neglecting his roles of father and husband.

Gabby Goff- Is a volunteer this year. She loves swimming and is very good at it. She wants prayer for good health, since she is recovering from a cold, and also that her ankles will be strong so that they are not easily sprained.

Gordon Goddard- We love when he gives us one of his priceless days of retirement He is one of our campers' favorites and a great example of physical fitness to us all. He and his wife spend many of their winters in Mexico. He wants prayer for a hurt back, that it will not be a hindrance to him while he guides on the river.

Thanks for praying for us!
